### SUMMARY

Passionate about carpentry since November 2021, I am a self-taught craftsman skilled in a variety of hand and power tools. I've designed and crafted furniture for online sales and custom orders, continually pushing myself to learn new techniques and elevate my skills. With a strong drive and quick learning ability, I'm confident in mastering advanced carpentry methods and contributing effectively to the industry.

### KEY QUALIFICATIONS

- **Proficient in woodworking:** Hands-on experience in designing and creating custom furniture, with a keen eye for detail and a strong commitment to craftsmanship.
- **Technical proficiency:** Familiar with a wide range of woodworking tools and equipment, including table saws, jigsaws, miter saws, thickness, router, planers, nail guns, circular saws, sander and drill presses.
- **Entrepreneurial experience:** Successfully set up a carpentry workshop and sold custom-made furniture online, demonstrating initiative, creativity, and business acumen.
- **Over 10 years of experience in website design and development:** specializing in independent design firms and brands, delivering high-quality results with a focus on client satisfaction. Strong attention to detail from work, applied to precise craftsmanship in carpentry and renovation projects.

### EDUCATION & EXPERIENCE

#### Carpenter Helper (Internship)

Framerz Inc | Calgary, AB 2024

- Studied various areas of construction carpentry, including residential, commercial, and industrial.
- Gained experience in blueprint reading, material selection, measuring, cutting, joining, and installations (framing, drywall, windows, doors, flooring, roofing).

#### SAIT Training

Calgary, AB 2024

- Studied various areas of construction carpentry, including residential, commercial, and industrial.
- Gained experience in blueprint reading, material selection, measuring, cutting, joining, and basic installations (framing, drywall, windows, doors, insulation, flooring, roofing, siding).

#### Business Owner (ZENTION DESIGN INC.)

2022-2024

- Established a well-equipped carpentry workshop in my garage.
- Designed and produced furniture items such as plant shelves, coffee tables, bookshelves, refurbished vintage furniture, and phone holders.
- Sold custom furniture online, ensuring high customer satisfaction with quality craftsmanship and timely delivery.
